

聯合國永續發展目標（SDGs）學術研究關鍵字參考表

SDG	永續發展目標	建議核心英文關鍵字
SDG 1	消除貧窮 No Poverty	poverty, extreme poverty, poverty alleviation, poverty reduction, poverty eradication, social protection, financial inclusion, microfinance, social welfare, economic resources, low-income, vulnerable populations
SDG 2	消除飢餓 Zero Hunger	zero hunger, hunger, food security, food insecurity, malnutrition, nutrition, sustainable agriculture, agricultural productivity, sustainable food systems, crop production, food sovereignty
SDG 3	健康與福祉 Good Health and Well-being	health, well-being, public health, mental health, physical activity, exercise, disease prevention, health promotion, healthcare, mortality, maternal health, child health, infectious disease, non-communicable disease
SDG 4	優質教育 Quality Education	quality education, education, teaching, learning, higher education, inclusive education, special education, teacher education, lifelong learning, educational technology, e-learning, curriculum, pedagogy, learning outcomes
SDG 5	性別平等 Gender Equality	gender equality, gender equity, women empowerment, women's rights, gender discrimination, gender gap, gender inequality, sexual harassment, gender-based violence, female participation
SDG 6	淨水與衛生 Clean Water and Sanitation	clean water, water quality, drinking water, sanitation, wastewater, wastewater treatment, water management, water resources, water pollution, hygiene, water supply
SDG 7	可負擔的潔淨能源 Affordable and Clean Energy	renewable energy, clean energy, energy efficiency, sustainable energy, solar energy, wind energy, bioenergy, energy access, electricity access, energy transition

SDG	永續發展目標	建議核心英文關鍵字
SDG 8	合適的工作及經濟成長 Decent Work and Economic Growth	decent work, economic growth, employment, unemployment, labor market, labour market, occupational safety, workplace safety, entrepreneurship, sustainable tourism, youth employment, labor rights
SDG 9	工業化、創新及基礎建設 Industry, Innovation and Infrastructure	innovation, infrastructure, sustainable infrastructure, industrialization, research and development, technology, manufacturing, digital transformation, technological innovation, resilient infrastructure
SDG 10	減少不平等 Reduced Inequalities	inequality, social inequality, income inequality, social inclusion, discrimination, equal opportunity, marginalized groups, migration, disability, social exclusion
SDG 11	永續城鄉 Sustainable Cities and Communities	sustainable cities, sustainable communities, urban sustainability, urban planning, public transport, sustainable transportation, urbanization, cultural heritage, disaster resilience, affordable housing, green space
SDG 12	責任消費及生產 Responsible Consumption and Production	sustainable consumption, sustainable production, circular economy, waste management, recycling, food waste, resource efficiency, sustainable supply chain, life cycle assessment, material efficiency
SDG 13	氣候行動 Climate Action	climate change, global warming, climate action, climate mitigation, climate adaptation, greenhouse gas emissions, carbon emissions, carbon neutrality, climate resilience, climate policy
SDG 14	保育海洋生態 Life Below Water	marine ecosystem, marine biodiversity, ocean conservation, marine pollution, ocean acidification, fisheries, sustainable fisheries, coral reef, coastal ecosystem, marine conservation, aquatic ecosystem

SDG	永續發展目標	建議核心英文關鍵字
SDG 15	保育陸域生態 Life on Land	biodiversity, terrestrial ecosystem, forest conservation, deforestation, land degradation, ecosystem restoration, wildlife conservation, habitat loss, endangered species, soil conservation
SDG 16	和平、正義及健全制度 Peace, Justice and Strong Institutions	peace, justice, human rights, governance, corruption, transparency, accountability, rule of law, violence, crime, public institutions, access to justice
SDG 17	多元夥伴關係 Partnerships for the Goals	sustainable development, international cooperation, global partnership, research collaboration, international partnership, capacity building, technology transfer, development cooperation, multi-stakeholder partnership
